Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of East Kingston in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said East Kingston on Tuesday, the tenth day of March, next at two of the clock in the afternoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will vote to authorize the Selectmen to hire money in anticipation of taxes.

4. To see if the Town will vote to raise and appropriate the sum of $1,500 for the maintenance of the Fire Department, any surplus not used for maintenance to be set aside for a Fire Truck Fund.

5. To see if the Town will vote to raise and appropriate the sum of $1,500 to replace the heating system and reshingle one side of the roof of the Town Hall.

6. To see if the Town will vote to raise and appropriate the sum of $201.37 against the State Appropriation of $1,342.49 for Class V Road Assistance.

7. To see if the Town will vote to raise and appropriate the sum of $200 for the Forest Fire Department to purchase needed equipment.

8. To see what action the Town will take in regards to the Kingston Ambulance Service.

9. To see if the Town will vote to accept the reports of the Town Officers and the Auditors as printed in the town report.

10. To transact any business that may legally come before this meeting.

Given under our hands and seal, this thirteenth day of February, in the year of our Lord nineteen hundred and sixty-four.

Warrant for Special Town Meeting

Town of East Kingston

State of New Hampshire

To the Inhabitants of the Town of East Kingston in the County of Rockingham in said State qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said East Kingston on Monday, August 19, 1963 at two o'clock in the afternoon, to act upon the following subjects:

ARTICLE I. To see if the Town will vote to adopt the Zoning Ordinance as proposed by the Zoning Committee and substitute said Zoning Ordinance for the existing ordinance. The proposed Zoning Ordinance is as follows:

ZONING ORDINANCE

of the

Town of East Kingston, New Hampshire

Article 1. This Ordinance is established in pursuance of authority conferred by Chapter 31, Section 60-89 of the Revised Statutes Annotated of the State of New Hampshire, or any amendments thereto, in order to preserve and improve the attractiveness of the Town of East Kingston as a residential and farming community and to continue its desirability as a place in which to live and do business and to promote the health, welfare, morals, convenience and safety of its citizens.

Article II. For the purpose of this ordinance the Town of East Kingston shall be considered one zone.

Article III. A. Every building lot shall have a minimum frontage of 200 feet and shall contain a minimum area of 40,000 square feet.

B. Every building shall be set back from the front property line at least 30 feet, or where existing building on adjacent lots are in reasonably close proximity to each other to the line of said existing buildings. Every building shall be at least 10 feet away from adjacent side and rear property lines.

C. A building lot shall have no more than one dwelling thereon.

D. All dwellings shall have a minimum floor area of 600 square feet, outside measurement and excluding open porches, for each family unit.

Article IV. A. No occupied house trailer or mobile home shall remain in the Town for more than 48 hours without the owner or occupant obtaining a permit from the Board of Selectmen; all such permits shall have a maximum time limit of 90 days, at the expiriation of which the permit shall become void and said house trailer or mobile home shall be removed from the Town or a new permit obtained.

B. All the provisions of this Ordinance shall apply to house trailers, trailer camps, mobile homes or mobile home sub-divisions in the same manner as conventional dwellings or buildings. No more than one house trailer or mobile home shall be located on a building lot.

C. All house trailers, trailer camps, mobile homes or mobile home sub-divisions shall conform with the regulations of the State Department of

Health and Welfare insofar as said regulations are not in conflict with the provisions of this Ordinance.

Article V. No land shall be used for a junk yard, dump, or for the storage of abandoned motor vehicles or discarded materials of any kind whatsoever.

Article VI. A building inspector may be appointed annually by the Board of Selectmen and he shall be the administrative officer under this Article; if the Selectmen do not appoint a building inspector, his administrative powers and duties shall be vested in the Board of Selectmen.

A. Any person before commencing work on the erection or outside structural alteration of any building or structure to be used for dwelling purposes must first obtain a permit from the building inspector; any such permit shall be void unless the work is started within six (6) months from the date of issuance.

B. All dwellings shall be placed on a permanent foundation to be construction of suitable masonry work and which shall have proper footings. All outside walls shall be finished with shingles or clapboards, brick, cement or cinder blocks, or any other approved siding.

C. Roofs shall be of fire resistant material, wood or metal.

D. Chimneys shall contain fire proof flues and shall be constructed of brick, stone, cinder or cement blocks and any other approved material; all chimneys shall extend to the ground and rest on a permanent foundation with footings or shall be erected in any other approved manner.

Article VII. An applicant for a trailer or mobile home permit or a building permit shall pay a fee for the issuance of a permit based on the full value of the trailer or mobile home or of the building project involved, said fee to be retained by the Selectmen or Building Inspector as compensation for services rendered for inspections required by the request for a permit. Fees shall be in the following amounts Less than $1,000.00 in value - $2.00; $1,000-.00 to $5,000.00 in value - $5.00; over $5,000.00 in value - $10.00. The Selectmen or Building Inspector may eliminate the fee if in their or his opinion the size of the building project or other circumstances, do not warrant payment of a fee.

Article VIII. The Selectmen shall appoint a Board of Adjustment of five members, one of whom may be a member of the Planning Board, said Board of Adjustment to serve without compensation. The Board of Adjustment shall have authority to allow slight variances from the specific terms of this Ordinance where it can be shown that extreme hardship would otherwise result.

Article IX. This Ordinance may be amended by a majority vote of any legal town meeting when such amendment is published in the warrant calling for the meeting.

Article X. This Ordinance shall in no way affect any dwellings, buildings or recorded lots that are legally existing or legally under construction at the time of its passage.

Article XI. Every person, persons, firm or corporation violating any of the provisions of this Ordinance upon conviction shall be fined not more than Ten Dollars ($10.00) for each day such viola-

tion may exist. The Board of Selectmen may institute in the name of the Town any appropriate action or proceedings to prevent restrain, correct or abate violations of this Ordinance.

Article XII. The invalidity of any provisions of this Ordinance shall not affect the validity of any other provision.

Article XIII. This Ordinance shall take effect immediately upon its passage.

ARTICLE II. To see if the Town will vote to establish a Planning Board, consisting of five (5) members, and to authorize and empower the Planning Board to approve or disapprove, in its discretion, plats showing new streets or the widening thereof, or parks, and upon adoption of this Article it shall be the duty of the Town Clerk to file with the Registry of Deeds of the County of Rockingham, a certificate or notice showing that the said Planning Board has been so authorized, giving the date of authorization, as provided in Sections 19-29 inclusive, Chapter 36, R.S.A. as amended.

Given under our hands and seals at said East Kingston this 1st day of August, 1963.

Annual Report of East Kingston Volunteer Fire Department

The Volunteer Fire Department appreciates this opportunity of reviewing for the townspeople our activities and progress during 1963.

The department responded to the following calls:

April 5 — Chimney fire at Crosby's, South Road

April 9 — Small grass fire at rear of former Wormwood home

April 17 — B & M fire just south of depot

April 22 — Series of 4 fires along B & M tracks from Powwow to Campbell's pit. Kingston assisting.

April 22 — Incinerator fire at McClure's, South road

June 27 — Fire along B & M tracks from depot to Sanborn crossing. Exeter assisting.

Oct. 1 — Grass fire at foot of Tilton's Hill

Oct. 7 — Assisting Exeter with fire on Drinkwater Road

In addition to these calls and with the sanction of the Selectmen, a fire watch was in effect from October 23 to the 31st. Complete town coverage was maintained by department members with all state and town roads patrolled. While no serious trouble was discovered during this period, it was good to know that immediate help was available in the event that a carelessly discarded match or cigarette had started a roadside fire. We mention also that approximately 10 acres in our town were burned over this

past year — 3 acres being young trees and the balance brush and grassland.

One false alarm was sounded in 1963 and the department was called to Kingston in error for a fire which was under control on our arrival.

Several "wrong number" calls have been answered over the Red Network System, blamed for the most part on incorrect dialing.

On March 19 a training meeting in Fremont was attended by four members, and another meeting in Fitzwilliam was covered by several firemen. Training has been received in the use of the Scott Air Pac. Instruction has been given at several practice sessions with the fire truck and its equipment. These were held at the fire house, Radcliff's Pond and Trickling Falls and were directed by George Baker. New equipment purchased includes 2 walky-talky units, hose, helmets and first aid material.

The Annual Lobster Festival continues to be a success. The department expresses its appreciation to non-members and friends who helped with this project.

In closing, an active and well-trained fire department is of vital importance and a necessity to our growing community. We ask your support and cooperation in the coming months.

Respectfully submitted,

Report of the Superintendent of Schools

To the School Board of East Kingston

I herewith submit my sixteenth annual report.

The teaching staff for 1963-1964 follows:

Mrs. Margaret Tilton, Principal of Brown's Academy, Teacher of Grades 3-4
Mrs. Blanche Loch, Grades 1-2
Mrs. Nellie Brooks, Grades 5-6
Mrs. Eleanor Henry, Music
Miss Mary Shea, Head School Nurse
Miss Gemma Jean, Assistant School Nurse
Mrs. Virginia Holder, Assistant School Nurse
Mr. Harold Matava, Handwriting

The district is fortunate to have the same staff of experienced teachers again this year. Mr. Harold Matava has been added to the staff with the introduction of the Rinehart Functional Handwriting System in the schools.

The enrollment as of December 20 was as follows:

Grade 1	15	Grade 4	9
Grade 2	13	Grade 5	14
Grade 3	13	Grade 6	10

This is a total enrollment of 74 as compared to 68 on a corresponding date a year ago.

It is worthy of note that the East Kingston School District has received increasing amounts of Federal Aid under Public Law 874 and of State Foundation Aid during recent years. In State Foundation Aid $922.12 was received for 1962-1963 and $2,870.96 has been received for 1963-1964.

In Federal Aid for 1962-1963, $3,040.00 was received and it is expected that about $2,900.00 will be received during the school year 1963-1964.

The tuition rates for 1964-1965 as announced by the Exeter School Board after approval by the State Department of Education are as follows:

Senior High Students	
Estimated per pupil cost	$465.44
Rental charge	21.94
Tuition rate	$485.00

State Average for 1964-65 — $467.00

Junior High Students	
Estimated per pupil cost	$415.38
Rental charge	21.94
Tuition rate	$435.00

State Average for 1964-65 — $412.00

A portion of this report is a statement by Mr. Frederick King, Teacher Consultant for Supervisory Union No. 16. He presents some of the work which he is doing in his role as supervisor of elementary education. He reports as follows:

"In the constitution and by-laws of the New Hampshire Association of Teacher Consultants there appears as part of the purposes "to promote means of bringing the highest educational standards to the communities". One of the items that affects educational standards most is the responsibility that the teacher consultant has for providing leadership in curriculum development.

One of the areas of the curriculum that has given us a chance for a great deal of in-service work is that of mathematics. You may hear young primary grade children speaking of "sets," "equations", "base ten" and "inverse operations". There is no cause for alarm. The children are probably a part of an arithmetic program being tried in the grades.

The trend in arithmetic is toward a more meaningful, exciting and discovery presentation. It has been labeled "modern mathematics", but merely means that approaches and some of the content are new.

As teacher consultant I have tried to provide opportunities for teachers in this area to become familiar with some of the new methods. Last spring many teachers took an extension course in modern mathematics sponsored by the University of New Hampshire and held in Exeter. This fall I held a series of meetings where teachers could view some films in new mathematics approaches and discuss them. I have encouraged teachers to watch a weekly television program on the same topic. Many opportunities have been provided for sharing ideas, materials and techniques. I am happy to say that teachers are taking seriously the roles that they may play in new mathematics presentations.

Curriculum change of a major nature is a slow process. One does not rush the school system into a new program without all the in-service background mentioned above. New mathematics is not in an experimental stage. The research, as well as some of the practice in the elementary classroom, has been going on for twenty years or more. Now, however,

new text materials have been written for the elementary grades. We have tried some of these in our classroom this year on an experimental basis with consumable forms. At this writing an extensive testing program of arithmetic concepts is underway. I am attempting to evaluate the results and reach some conclusions about the programs being used.

The final step is the formation of a committee made up of selected classroom teachers and principals with the teacher consultant acting as coordinator. This group will have regular meetings twice each month. It will be the job of the committee to make a text-book selection in mathematics that we can use in the school years ahead. This is a big responsibility and will take many hours of working, thinking and talking before any results will be realized. The goal will be to select the best possible program for the highest educational standards we can achieve in mathematics.

Another important area which I should like to mention briefly is that of providing students with a wealth of materials both of a non-fiction and a fiction nature. Many educators feel today that library provisions in elementary schools are an essential and basic service. Our children today require a full range of materials, accessible to and serving all of the children. Research has shown that learning takes place faster when it is reinforced with many supplementary materials. In schools sufficiently large enough we are either moving toward or now have a centralized school library. In the smaller schools we shall attempt to build up classroom collections necessary to provide proper sources to aid children in their "quest for knowledge." I am working closely

with teachers and pupils not only to aid in the building up of these services but to provide help and guidance in the use of them.

These two mentioned areas of work indicate some of the curriculum development that is taking place. Continuing along with these are the classroom visitations, teacher conferences, classroom demonstrations, supervision of the testing program, preparation of guides and bulletins, and any of the other "service roles" that the teacher consultant feels are aimed "to promote means of bringing the highest educational standards to the community."

The Trustees of Brown's Academy at their annual meeting last June established a scholarship for some deserving high school graduate of either Exeter High School or Sanborn Seminary. Any interested student who will be graduated from either of these schools in June should contact Mrs. Evelyn Bake of Kingston, the secretary of the Board, for details.

I am sincerely hoping that Congress will pass legislation which will permit prayers and Bible readings in the school room.

In the light of recent events, we should all rededicate ourselves to the task of inculcating love of country and patriotism in the hearts and minds of our school children.

The Parent-Teacher Association continues its support of the schools and its sponsorship of the school milk program.

I call your attention to the reports and tables which follow.

It is gratifying to receive continued support

from the citizens, the members of the School Board and the teachers.

Respectfully submitted,

School Health Report

To the Superintendent of Schools:

Child Health is a community concern, but parents have the primary responsibility for the health of their children. Good health services exist where there is cooperation among parents, the school and community agencies.

Although Speech Therapy is available, some parents seem to consider such help a disgrace to themselves and to their children. Probably nine out of ten cases of speech difficulties in children are correctable. They ***all*** need attention, however, since very few ever recover spontaneously. Many will become worse if neglected. The ability to express onesself today is of increasing importance — so why handicap a child needlessly?

A society changing as ours is today increases the uncertainty and unpredictability of life which is shared by all generations. Some of our children first grade through senior high, show this anxiety in their unstable behavior. We are fortunate in our area to have psychiatric and Family Service Agency help, but the needs for stable emotional health are far from met. The increase in numbers of disturbed children far outdistance the available services. The schools and communities cannot solve these problems alone. Help is needed from the State and Federal levels.

Naturally, your School Health Services deal with problems, but our report is not all in this category. We are pleased to write that on the whole we are above the average community in health and pro-

tective measures, and that most of the children are healthy and happy. We can thank the excellent cooperation we receive from school boards, administrators, teachers, parents and community agencies in bringing this about.

One request we would like to make is for better community education at the adult level in all phases of physical and emotional health. In this way, the family will be better prepared to instill in its children good health habits and practices.

Report of the Music Supervisor

To the Superintendent of Schools:

As the music supervisor, I have tried to include in my teachings, as many as possible of those musical activities recommended for today's school music program.

In addition, an excellent television program in music education is now available, which helps to enrich the school program.

Placing of the child's voice, ear-training, rhythmic activities, work with rhythm band, learning to play tonettes and the auto-harp, becoming familiar with the fundamentals of music, reading notes, singing in unison and in parts, participation in singing games and folk and square dancing are all included in the school program.

A school record player may be used at any time for listening, music appreciation, or singing with sing-along records.

New second grade music books were purchased for Mrs. Lock's pupils.

At the April meeting of the P.T.A., the pupils in Mrs. Brooks' room presented the operetta "At the Fiesta." Mrs. Tilton's students also had a part in this operetta. I wish to thank both teachers for their help and cooperation, as well as all others who helped to make this a success.

A number of parents visited the music classes during Education Week, held in November. Visitors are always very welcome.

Informal Christmas programs, given by the pupils of both teachers at Brown's Academy, closed the music program for the year.

In closing my report for 1963, I wish to thank Mr. Hoyt, Mr. King, the members of the School Board, the P.T.A., Mrs. Tilton, Mrs. Brooks, Mrs. Loch and the parents for their cooperation throughout the year.

Report of Supervisory Union No. 16 Retarded Class

To the Superintendent of Schools:

Supervisory Union No. 16 Class has an enrollment this year of ten boys and three girls. The curriculum is geared to each child with heavy stress on academic subjects. The grade levels are from second to sixth.

As in the past, the students join other classes in Science, Physical Education and special activities. The Art and Music Supervisors come weekly to the group.

Boy Scout Troop 332 is very active under the leadership of Dr. Frederick Pitchforth. The Troop meet each Thursday afternoon at the Exeter Community Center. Four boys from the Rockingham School have been included this year. This has been made possible because of Phillips Exeter Academy volunteers.

Four H units have been established for both boys and girls with good programs in progress. The boys entered health posters at the Deerfield Fair, winning many ribbons of which they are justifiably proud. There was a pre-Thanksgiving Bake Sale at the Exeter Banking Company with thirty dollars realized for their savings account.

The class continues to contribute actively, as well as participate, in the life of the school.
